

# THE POWER OF YOUR STORY RETREAT SAN ANTONIO, TEXAS

**What does learning to make glass and learning to embrace the power of our stories have in common?**

**Each piece is needed to create a masterpiece.  
The fire changes it.**

**What it starts out to be changes as the process unfolds.**

**Carlette and Master Glassmaker, Lana Breakie, have designed a Life Coaching Curriculum that challenges your group to step into Lana's studio and discover how each person's heart shows up in the pieces of glass that they choose to tell their story.**
